Dear Mr. Coffman:

Your gift of \$100.00 to the Muhammad Ali Parkinson Center at Barrow Neurological Institute is deeply appreciated!

Support such as yours is what has made Barrow Neurological Institute a world-recognized center for the care of serious and complex brain and spine problems. Funds from the Barrow Neurological Foundation go toward improving and enhancing care for the Parkinson patient and supports clinical research into the causes and someday, a cure of Parkinson Disease.

Thank you for helping to make MAPC and Barrow a valuable health resource for our community.

Sincerely,

Mary Jane Crist
Chief Executive Officer
