

To Whom It May Concern:

I have had the privilege to know Mr. Bob Coffman for many years and when I was approached to utilize the "Caddy for the Hole" program I felt that this would be a great opportunity to renew our friendship. As a private club we are continually looking for new and innovative ways to enhance revenue and create activities for our membership. Mr. Coffman and his team have come up with a perfect solution. Caddy for the Hole has raised funds to help support Susan G. Koman Breast Cancer Research as well as raised funds to assist our local sections junior golf program.

In addition to having successful golf outings, this program has generated incremental revenues for food and beverage and golf shop. All of the members that participated ended up winning prizes, which include, Master tickets, golf balls and golf clubs. Mr. Coffman and his staff have been flexible and have made themselves available for any event at any time. Caddy for the Hole has certainly been an asset to our operation. I would recommend this program to any facility that would be interested.
