To Whom It May Concern:

This letter serves as a testimonial for Mr. Bob Coffman and **Caddy for the Hole**. Menifee Lakes Country Club and several charity golf tournaments have been a beneficiary of the Caddy for the Hole program as well as the 1st Tee Program for the last two years. The program has been successful on all accounts for the participating events for Junior Golf, High School Athletics and other Community programs.

Proceeds have exceeded our expectations and the expectations of the beneficiary events, and have added additional funds enabling us to continue to provide various Jr. Golf clinics, group instructions for various support groups and senior golf activities.

Mr. Coffman and Caddy for the Hole have proven their legitimacy by their longevity in the industry. They have remained a stellar organization as other companies have come and gone with various gimmicks that have not lasted. We are very proud to be associated with Caddy for the Hole and Mr. Coffman and look forward to a long lasting relationship.

I encourage you to give consideration and try Caddy for the Hole program at your facility. I am certain it will be worthwhile, both financially and in support of the future of our game-junior golf.

Please do not hesitate to contact me with any questions.

Sincerely,

A handwritten signature in black ink that reads "Tom Powers". The signature is written in a cursive style with a large, looped initial "P".

Tom Powers
