Carefree, AZ 85377

Dear Bob,

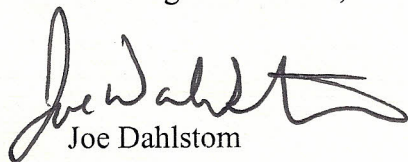

As we wrap up another successful season here at Woodhaven Country Club I wanted to take a moment to Thank You for you professionalism and financial contribution.

As I semi-private country club it is important to meet both the needs of members as well as the revenue requirements necessary to operate the club at the high standard we aspire to, your company has significantly allowed us to meet both requirements!

Not only have you contributed to our bottom line through your 'revenue sharing' program you have also increased Pro shop and Lounge sales through your 'reverse marketing' voucher. In addition, you have contributed a significant amount of money to the Desert Kids Summer Fun Camp and you have been able to all of this with flexibility, professionalism and while speeding up play as well!

Bob, I am aware that despite the many contributions you have provided to our guests, members and staff it only represents part of the overall list of services you offer and we look forward to expanding on those in the new season.

Have a great summer,

Joe Dahlstom
